

# Setting up JoVE Content with Sakai

## Embedding JoVE Videos

Before starting to embed videos, please **login to your JoVE account**.

If you don't have a JoVE account yet, please **sign up** at <https://www.jove.com/account>.

**Make sure you select a role of "Faculty"** when creating your account. This role enables embed codes you create to have access keys in them.

***\*IMPORTANT** - Without the access key, the embed code will not work correctly for off campus students.*

1. Log into JoVE with your institutional email
2. Go to the video of your choice
3. Click on the button "Embed" beneath the video, move, or delete the video.
4. Copy the HTML code in the box
5. Log into Sakai
6. Go to your desired course site
7. Click on 'Lessons' on the left hand side
8. Press 'Add content'
9. Click 'Embed content on the page'
10. Paste the HTML embed code from your JoVE video into the box where it says 'Or add a URL or 'embed code''
11. Press 'Save'
12. The video should then appear with its title. Press 'Save' again at the bottom
13. The video should then appear in your lessons page

## Loading a Common Cartridge File with JoVE Content

You can request a common cartridge from your customer success specialist by sending a list of the videos you would like to add to your course. Don't know who your dedicated specialist is? Just email [CustomerSuccess@jove.com](mailto:CustomerSuccess@jove.com). Once you have the cartridge, the instructions below will walk you through the process of loading it into Sakai.

1. Log into Sakai
2. Go to Site Info
3. Go to Manage Tools
4. Scroll down to find Lessons, and tick the box next to Lessons if it's not already ticked.
5. Scrolling down to the bottom of the page and following the remaining prompts to add the tool.
6. Go to your desired course site
7. Click on 'Lessons' on the left hand side
8. Go to More Tools, then Import CC/CP
9. Click Choose File.
10. Select the Common Cartridge file saved on your computer [To request a common cartridge please contact your Curriculum Specialist]
11. Click Import.
12. Videos are imported to the site's Resources. Click Edit if you'd like to re-embed any video.
